Please return registration with \$75.00 check made payable to Clermont County Treasurer to:

Clermont County Public Health
2275 Bauer Road, Suite 300
Batavia, OH 45103

Want to be your own service provider?

Dear Homeowner,

The Health District offers a two-hour course that teaches owners of mound systems the basic operation and routine maintenance of their septic system. Homeowners who attend this training will receive:

- A handout of the presentation and other related materials
- A certificate allowing them to be their own service provider
- A system review with a Public Health Sanitarian at their home (optional)

If you are interested in becoming your own service provider, please complete and return the registration at the top of this page along with payment to the Clermont County Public Health office.

The cost to attend this training is \$75.00 per household. We encourage anyone living in the home that will be responsible for the operation and maintenance of the mound system to attend this course.

Once enough registrations are received to fill the class, you will be notified by mail informing you of the date and time for the next scheduled class. If you are not able to attend the class on that date, please notify our office by calling 513-732-7499.

If you have any questions about the course, please contact Paul Sanders at 513-732-7604.
