

## Communicable Disease Reporting in Clermont County

- **Who** must report?  
Healthcare providers (physicians, hospitals, infection preventionists) with knowledge of a case or suspect case of a disease which is required to be reported; Laboratorians that examine specimens of human origin with evidence of diseases which are required to be reported; Any individual having knowledge of a person suffering from a disease suspected of being communicable.
- **What** must be reported?  
Diseases on Ohio's ABC list
- **When** must a report be made?  
Class A disease – immediately by phone  
Class B and C diseases – by the end of the next business day
- **Where** must the report be made?  
Healthcare providers and laboratorians: to the local health jurisdiction in which the case or suspected case resides. If residence is unknown, report to the local health jurisdiction in which the healthcare provider or laboratory is located. If residence is outside of Ohio and reporting via electronic laboratory reporting (ELR), report to the state of patient residence. If residence is outside of Ohio and not reporting via ELR, report to the local health jurisdiction in which the healthcare provider or laboratory is located.
- **Why** must a report be made?  
Clermont County Public Health (CCPH) is dependent upon you to report diseases within the required timelines to control and prevent infectious disease, identify outbreaks, and document distribution of disease in Ohio.
- **How** must a report be made?
